

# HELPFUL INFORMATION ABOUT YOUR WATER SERVICE

## DELIVERING YOUR SERVICE

Providing safe, clean, reliable drinking water is more than connecting a pipe to your home. Keeping your service in top condition, testing water for quality and safety, and ensuring your fire department has water are just part of what goes into delivering your family's water each day.

In January 2022, the Arizona Corporation Commission approved new rates for your water service\*. These new rates are effective February 1, 2022, and more accurately reflect recent costs to provide safe and reliable service. **See rates on other side.**

\*Decision #78439, Docket #WS-01303A-20-0177

## HELPING YOU SAVE

In Arizona, the average home uses 7,000 gallons of water each month. We know every customer is unique – that's why we offer programs that can help.

### CONSERVATION SPECIALISTS

 Free resources on [epcor.com](http://epcor.com) and our Conservation Specialists can help you find ways to save.

### LOW INCOME

 Customers with household incomes of 200% or less than the Federal poverty guideline can receive \$10 off their monthly water bill.

### DEPLOYED SERVICE MEMBERS

 EPCOR waives the monthly water bill for active-duty service members deployed away from their homes and who meet the program's eligibility requirements. Proof of deployment is required.

### DISABLED VETERANS

 Veterans disabled through military service can get \$10 off their monthly water bill. Proof such as a Veterans Identification Card, is required.

Visit [epcor.com](http://epcor.com), call 1.800.383.0834 or email [mywater@epcor.com](mailto:mywater@epcor.com) about these resources and more.

## DID YOU KNOW?

Trillions of gallons of water are lost every year to underground water leaks across the country. In a desert climate like Arizona's, where water resources are precious and require careful management and protection, finding and fixing water leaks is more important than ever before.

Rate Case Surcharge — Sun City West \$0.0104

Rate reviews are long and complex. Beginning February 1, 2022, a line item on your bill will reflect the cost of this most recent rate review. This charge will show on your bill for a three-year period.

The price of buying water supplies and paying for electricity to run the system can change from time to time – up or down. These changes are reflected in the Purchased Water and Power Cost adjustors that you may see on your bill starting in March 2022 and February 2023, respectively.
