SHUT OFF NOTICE

Dear Customer:

Your EPCOR Water account has become delinquent and is scheduled for turn off. If the amount due is not received in the office by the due date of this letter, your water service will be disconnected the following day. If you have already made your payment, please disregard this notice and accept our thanks for your payment.

To avoid disconnection, please complete one of the following immediately:

- 1) Pay the total amount in our office.
- 2) Call 1-800-383-0834 to make a payment arrangement to pay the full delinquent balance.
- 3) Make a payment via our IVR by calling 1-800-383-0834.
- 4) Make a payment via our website at epcor.com

The IVR and website payment options require you to call a customer service representative at 1-800-383-0834 with a confirmation number to stop disconnection of service.

In accordance with the New Mexico Public Regulation Commission guidelines, should your water service be disconnected, you will be assessed a reconnection fee of \$11.50 before reconnection is performed.

If you are unable to pay the balance due by the due date noted above and a seriously ill person or a person whose life may be endangered by discontinuance of service resides at this service address, you may submit a completed physicians notice at least two (2) days prior to the disconnection date. EFFECTIVE

JAN 15 2015

REPLACED BY NMPRC

BY Final Order Case No. 13-00285-UT

ADVICE NOTICE NO. 1

Daniel S. Bailet
General Manager, New Mexico

WATER LINE EXTENSION AGREEMENT

This WATER LINE EXTENSION AGREEMENT (this "Agreement") is made and entered into as of the _____ day of _____, 20__ by and between EPCOR Water New Mexico Inc., a New Mexico Corporation ("Company"), and _____, a New Mexico Domestic Limited Liability Company, located at _____, ("Developer").

RECITALS:

- A. Developer proposes to develop a ____-acre parcel with single family residential units totaling approximately ____ lots known as _____ (the "Development"), located near _____ as described in **Exhibit "A"**.
- B. Developer desires to secure water service to the Development from Company.
- C. Company supplies water service in the area of the Development, including areas contiguous with the Development, as a public utility subject to regulation by the New Mexico Public Regulation Commission (the "Commission"). Company holds a Certificate of Convenience and Necessity issued by the Commission that authorizes Company to provide public water service to the Development.
- D. Water service to the Development will require certain improvements and additions to Company's water system.
- E. Developer and Company desire to enter into an agreement establishing their respective rights, duties and obligations with respect to the design, construction, and costs of the improvements, facilities, and additions necessary to supply water service to the Development.

NOW THEREFORE, in consideration of the foregoing recitals and the parties' mutual covenants, agreements and undertakings set forth herein, and for other good and valuable consideration the receipt of which the parties hereby acknowledge, Company and Developer hereby agree as follows:

1. Construction of Line Extension. Company agrees to construct, own, operate and maintain a ____-inch water line extension of approximately _____ feet (the "Extension") for the purpose of furnishing public water service to the Development. Company also agrees to install, own, operate and maintain ____ fire hydrants (the "Fire Hydrants") on the Extension for the purpose of furnishing public fire protection to the Development. The Extension and Fire Hydrants are described in greater detail in **Exhibit "B"**. Developer understands and agrees that the minimum diameter size of water mains in the Extension will be eight inches and that the Extension excludes "service connection lines" to Developer's premises.
2. Oversizing of Line Extension. Developer understands and agrees that a portion of the Extension will be oversized to accommodate off-site water demands. The oversizing will result in a portion of the Line Extension to be ____-inch water line, as shown in Exhibit "B", though the Development only requires a ____-inch water line. Company shall pay for the amount by which the material price of the ____-inch water line exceeds the actual material price of the ____-inch water line in this portion of the Line Extension. Developer will not be responsible for paying for this difference in material costs.
3. Grant of Rights of Way, Easements. Developer shall, at no cost to Company, and as a condition to Company's commencement of construction of the Extension, grant or cause to be granted to Company, perpetual rights-of-way and easements, each in a form reasonably satisfactory to Company's legal counsel, for Company's ownership, construction, operation,

maintenance, replacement and removal of the Extension and Fire Hydrants. Each such easement shall be accompanied by an ALTA survey and real property title report reasonably satisfactory to Company's legal counsel.

4. Payment by Developer. As a condition to Company's commencement of any engineering or construction activities with respect to the Extension or Fire Hydrants, Developer shall pay Company, as a refundable advance in aid of construction for the Extension, the amount of \$_____ (the "Advance"), and as a non-refundable contribution in aid of construction for the Fire Hydrants, the amount of \$_____ (the "Contribution"), both representing Company's estimate of the cost of engineering and constructing the Extension and Fire Hydrants, as required for Company's delivery of water service and fire protection to the Development. Developer also agrees to pay, as and when due, Company's standard connection charges and other tariff charges for "service connection lines" to Developer's premises.

Upon Company's completion of the engineering and construction of the Extension and Fire Hydrants, Company shall tabulate Company's total costs of such engineering and construction for the Extension and Fire Hydrants separately (the "Actual Costs"). If the amount of the Actual Costs for the Extension is less than the amount of the Advance, or if the amount of the Actual Costs for the Fire Hydrants is less than the amount of the Contribution, Company will promptly refund to Developer an amount equal to the difference between the Advance or Contribution and the Actual Costs. If the amount of the Actual Costs for the Extension is greater than the amount of the Advance, or if the amount of the Actual Costs for the Fire Hydrants is greater than the amount of the Contribution, Developer will promptly pay to Company an additional amount equal to the difference between the amount of the Actual Costs and the amount of the Advance or Contribution.

5. Refunds to Developer. The Developer's costs and fees that are defined under this Agreement as a refundable Advance in aid of construction will be refunded by Utility to Developer as described in this paragraph. The amount to be refunded annually shall be ten percent (10%) of Utility's revenues (excluding all gross receipts taxes, sales taxes and district, municipal, county, state and federally imposed regulatory assessments) derived from the provision of water service to each consumer whose service line is directly connected to the Extension. Refunds shall be payable for a period of ten (10) years from the date of completion of construction of the Extension, but in no event shall the refunds paid to Developer exceed the Actual Costs paid by Developer as an Advance in aid of construction. Any unrefunded balance of such Advances remaining at the end of the applicable refund period shall become non-refundable. No interest shall be paid on any amount advanced by Developer.

6. Interconnections. Company has the right to, and may in the future, connect its existing or future water systems to the Extension, and Company has the right to add as many customers and make such extensions and additions to, or beyond, the Extension as may be necessary or desirable in Company's conduct of its water business. If Company elects to exercise its rights under this paragraph, Developer shall have no obligation under this Agreement to bear any costs relating to any resulting required replacement of the Extension, or any portion of the Extension, with larger water mains and lines.

7. Filing with the Commission. Upon execution of this Agreement by Developer and Company, Company shall file this Agreement with the Commission.

8. Indemnification. Developer indemnifies and holds Company, its officers, directors, agents, and employees harmless from and against all claims, damages, costs and expenses, including penalties and assessments, attorneys' fees and court costs, to which they or any of them may be subjected by reason of injury, death, loss, claim, penalty, assessment or damage caused or contributed to by the active or passive negligence of Developer, its agents, servants, employees, contractors or subcontractors in the execution of the work or in connection therewith. If any suit or other proceeding is brought on this account, Developer will assume the defense at

Developer's expense and will pay all judgments rendered therein. The foregoing indemnity does not cover any negligent or wrongful acts of Company, its officers, directors, agents or employees.

9. Notices. All notices, requests, consents, directions and other instruments and communications required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been duly given if delivered personally, if mailed first-class, postage prepaid, registered or certified mail, or if sent by electronic mail (followed with confirmation of receipt by telephone conversation), as follows:

If to Company:

EPCOR Water New Mexico Inc.
Attn: District Manager
38 Cactus Road
Edgewood, NM 87015

If to Developer:

Attention: _____

or to such other address and to the attention of such other person(s) or officer(s) as any party may designate by written notice. Any notice mailed shall be deemed to have been given and received on the third business day following the day of mailing.

10. Assignment. Developer may not transfer, assign, pledge or hypothecate its rights, interests or obligations under this Agreement, without, in each instance, the prior written consent of Company.

11. Successors. This Agreement shall inure to the benefit of, be binding upon, and be enforceable by the parties hereto and their respective successors and assigns.

12. Entire Agreement. This Agreement constitutes the entire agreement and understanding between the parties relating to the subject matter of this Agreement and supersedes all prior representations, communications and arrangements, whether oral, written or inferred, between the parties relating to such subject matter. This Agreement may not be modified or amended, except upon a written instrument executed by a duly authorized representative of each of the parties hereto.

13. Governing Law, Jurisdiction and Venue. This Agreement, its interpretation, validity and the performance hereof shall be governed by and construed in accordance with the laws of the state of New Mexico, without giving effect to its conflicts of laws provisions.

14. Amendments and Waivers. This Agreement shall not be amended or modified except by a writing duly executed by Company and Developer. The waiver of any breach of any term or condition of this Agreement shall not be deemed to constitute the waiver of any other breach of the same or any other term or condition.

15. No Third Party Beneficiaries. Any agreement contained, expressed or implied in this Agreement shall be only for the benefit of the parties to this Agreement and their respective legal representatives, successors and assigns, and such agreements shall not inure to the benefit of any third party, it being the intention of the parties to this Agreement that no person or entity shall be deemed a third party beneficiary of this Agreement.

16. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

17. Headings. The headings contained in this Agreement are intended solely for convenience and shall not affect the rights of the parties to this Agreement.

IN WITNESS WHEREOF, the parties have duly executed and delivered this Agreement as of the day and year first above written.

OVERDUE NOTICE

Your water bill for the amount shown above is now overdue. To assure continued service, payment is due upon receipt of this notice. If payment or other arrangements for payment has been made recently, thank you and please disregard this notice.

If you are unable to make payment in full, you may contact EPCOR Water within the next fifteen (15) days and request the opportunity to make payment arrangements. If you are a recipient of public assistance, contact your case worker immediately.

If you are unable to pay the balance due by the due date noted above and a seriously ill person or a person whose life may be endangered by discontinuance of service resides at this service address, you may submit a completed physicians notice at least two (2) days prior to the disconnection date. This form is available at our Clovis office.

You may contact us for a review of your bill. Payment of the undisputed portion of your bill will postpone discontinuance until the dispute is resolved. If you disagree with the determination, you may file a complaint with the New Mexico Public Regulation Commission in accordance with Title 17 NMAC 12.

If there is a third party (friend, relative or agency) that will assist in paying your bills, and you want us to notify them when disconnect notices are sent, please contact us.

According to the company's tariff approved by the New Mexico Public Regulation Commission, if your service is disconnected due to nonpayment, you will be assessed a reconnection fee, which is due prior to reconnection. The reconnection fee during regular business hours is \$20.30. The reconnection fee before and after hours is \$30.

If you have any questions, our Customer Care representatives can be reached at 1-800-383-0834 and are available to help you 24 hours a day, seven days a week. You can also visit our office at 38 Cactus Road Monday through Friday between the hours of 8 a.m. and 4 p.m.

Thank you for your prompt attention to this matter.

Sincerely,

EPCOR Water Customer Care

Aviso de Vencimiento

Su cuenta de agua por la suma que aparece arriba está vencida. Para asegurar que su servicio no sea interrumpido, debe pagar al recibir esta notificación. Si ya pagó en estos días o hizo algún otro arreglo al respecto, se lo agradecemos y le pedimos que haga caso omiso de este aviso.

Si no puede pagar el total de la cuenta, puede contactar a *EPCOR Water* dentro de los próximos quince (15) días para acordar un sistema de pago. Si usted recibe asistencia pública debe contactar inmediatamente a su asistente social.

Si usted no puede pagar el saldo antes de la fecha de vencimiento escrita arriba y una persona seriamente enferma o una persona cuya vida puede ser puesta en peligro al discontinuar este servicio vive en esta dirección, usted puede enviarnos un formulario firmado por un médico a más tardar dos días antes de la fecha de desconexión del servicio. Este formulario lo consigue en nuestra oficina del área de Edgewood.

Puede contactarnos para revisar su cuenta. El pago de la porción de su cuenta que no esté en disputa pospone la suspensión del servicio hasta que se resuelva la disputa. Si usted no está de acuerdo con la decisión, puede presentar una queja a la Comisión de Reglamentación Pública de Nuevo México de acuerdo con el Título 17 NMAC 12.

Si hay un tercero (amigo, pariente o agencia) que vaya a ayudar a pagar sus cuentas y usted desea que les avisemos cuando enviemos avisos de desconexión, por favor contáctenos.

Según las tarifas de la compañía aprobadas por la Comisión de Reglamentación Pública de Nuevo México, si desconectamos su servicio por falta de pago, se le cobrará una tarifa de reconexión, la cual debe pagarse antes de la reconexión. El precio de la reconexión durante horas hábiles es \$20.30. El precio de la reconexión antes o después del horario laboral es \$30.

Si tiene alguna pregunta, puede contactar a uno de nuestros representantes de Atención al Cliente en el 1-800-383-0834. Ellos están disponibles 24 horas al día, siete días a la semana. También puede visitar nuestra oficina en 38 Cactus Road de lunes a viernes entre las 8 a.m. y las 4 p.m.

Gracias por su pronta atención a este asunto.

PRIVATE FIRE PROTECTION SERVICE AGREEMENT

This PRIVATE FIRE PROTECTION SERVICE AGREEMENT (this "Agreement") is made and entered into as of the ____ day of _____, in the year _____ by and between EPCOR Water New Mexico Inc, a New Mexico Corporation ("Company"), and _____, ("Customer").

Company and Customer agree that Company will furnish and install, at the expense of the Customer, a(n) ____ inch fire line that is approximately ____ feet long that connects from the Company's ____ inch main located _____, to a point near the Customer's property line.

Company and Customer agree that the aforesaid connection will be furnished and used under the following conditions and express rules and regulations, and that the same are hereby made a part of this Agreement, and will be faithfully performed and complied with by the Customer.

(1) This connection is to be used for fire protection purposes only, and is to have no connection whatsoever with any taps that may be used for any other purpose. Due to the danger of water contamination, this connection shall have no connection with any other source of supply.

(2) Customer agrees specifically not to draw any water whatsoever through this connection for any purpose except for the extinguishment of fires and for periodic tests of the fire protection system.

(3) Customer agrees to give Company reasonable notice of the time of all tests so that, if desired, Company may have a representative present to witness the tests. Such notification may be given by telephone.

(4) Customer agrees to provide access to Company to allow Company to inspect this connection at any reasonable time.

(5) This connection is and will remain the property of the Customer, his successor or assigns, and will be maintained by Customer, his successor or assigns.

(6) Customer agrees to pay the monthly charge of _____ for this connection, monthly in advance, as stated in Company's tariff. This charge is subject to change from time to time as the rates may be modified by the New Mexico Public Regulation Commission.

(7) This water is to be supplied subject to the rights of the City to use water in the street mains through hydrants for fire protection purposes. The right is also reserved by Company to shut

EPCOR WATER NEW MEXICO INC

off the supply at any time in case of accident, or to make alterations, extensions, connections or repairs. Company makes no guarantee as to the pressure in this pipe, or the main supplying the same, and shall not, under any circumstances, be held liable for loss of damage to Customer for a deficiency or failure in the supply of water, whether occasioned by the shutting off of water in case of accident or for alterations, extensions, connections, or repairs, or for any cause whatsoever.

(8) Customer agrees to comply in all details with the Rules and Regulations of the New Mexico Public Regulation Commission applicable to Private Fire Protection Services.

(9) Customer agrees to comply in all details with the Regulations of the State Health Department applicable to Cross Connection and Private Fire Protection Services.

(10) Any vault, and piping facilities therein, required by Company will be constructed and maintained by, and at the expense of, Customer. Such vault shall be located on the customer's premises at a point near as possible to the curb line. The vault shall contain an approved detector check valve and controlling post indicator valve, subject to approval by Company. All piping, fixtures and valves shall be maintained in good condition by and at the expense of the Customer. Vault construction and piping arrangements shall be approved by the Company.

(11) Customer shall furnish in triplicate, drawings approved by the Insurance Service Office (ISO) or another comparable agency approved by Company showing the piping, valves, hydrants, tanks, openings and any appurtenances contemplated by Customer. Such drawings shall also show any other supply system and pipe lines and appurtenances that may exist on the premises.

(12) Customer shall obtain the written approval of the Chief of the Fire Department having jurisdiction, who, by such approval, shall affirm that, in his opinion, the public fire protection will not be endangered by the proposed connection to be made for the Customer.

(13) Violation by Customer of any of these conditions, rules and regulations shall entitle Company at its option to disconnect the pipe and/or shut off the service without notice. Any waiver of any violation or violations shall not be construed as a waiver of any subsequent violation.

IT WITNESS WHEREOF, the parties have duly executed and delivered this Agreement as of the day and year first above written.

Dear Landlord:

This letter is to inform you that water service at the address listed above has reverted to your account due to the Landlord Revert Agreement currently set up for this address. The Landlord Revert Agreement assures that water service to the address is not disconnected when a tenant moves. You will soon begin receiving monthly bills for this service address.

If you do not wish to have the Landlord Revert Agreement in place for this service address, you may cancel the agreement at any time by contacting EPCOR Water's Customer Care team. Please note that if you cancel this agreement and water service is disconnected because the tenant moves, service will no longer automatically revert to your name.

If you have questions about this notice or the Landlord Revert Agreement, please call our Customer Care team at {CMPPHONE} or email {FOOT2}. Our Customer Service Representatives are available 24 hours a day, seven days a week.

Dear {CUST_NAME1} {CUST_NAME2}:

One of our responsibilities as your water service company is to give you all the information you need to manage your water use, and to alert you when we notice something out of the ordinary. While at your property to get a meter reading, we noticed that your water use is considerably higher than normal.

There could be many reasons for unusually high water use and not all of them necessarily indicate a problem. We suggest that you check your property for possible problems which could cause unusually high water use. If you determine that the source of the high water use is the result of a broken service line or internal plumbing problem, we encourage you to take steps as soon as possible to prevent recurring high bills.

If you cannot determine the reason for your higher water use or anything else related to your account, please call us at your convenience at {CMPPHONE}. We are available 24 hours a day, seven days a week to assist you. You may also find useful information for identifying high water use on our website. Please visit us at [{FOOT1}](#).

Sincerely,

EPCOR Water Customer Care

Landlord Service Agreement

I, _____, certify to EPCOR Water that I am the owner of the rental properties listed on the table below and that I desire for EPCOR Water to provide uninterrupted public utility water service to each of those rental premises. Accordingly, for each such property, I authorize EPCOR Water to transfer into my name the public utility water service for that property upon termination of that service to any third party. Public utility water service at the premises will then remain in my name, and I will be responsible for payment of the related charges, until the earlier of (i) the transfer of that service into the name of a successor tenant at the property, or (ii) my request that my service at the premises be terminated.

For each property listed on the table below, (i) the automatic transfer of public utility water service authorized by my submittal of this form will remain in effect until revoked, in writing, by me or by any third party providing evidence of its ownership of that property; and (ii) I understand it is my responsibility to revoke the authorization granted by my submittal of this form upon my sale of that property. If I fail to revoke this form, I may remain liable for service provided to that property even after my sale of the property.

Dear {CUST_NAME1} {CUST_NAME2}:

We thank you for your efforts to make prompt payments on your account for water service. However, it has come to our attention that your checks have been returned twice within the past 12 months.

When two checks are returned within a 12 month period, we convert the account to a "cash only" status. This means for the next 12 months, you will only be able to make payments on your account at a local payment center using cash or a money order. For a list of payment locations, contact our Customer Care team or visit us at [{FOOT1}](#).

If you have any questions, please call our Customer Care team at {CMPPHONE}. We are available 24 hours a day, seven days a week.

RE: New Mexico Gross Receipts Tax (Sales Tax)

Dear {CUST_NAME1},

Our records indicate that you are not being charged sales tax on your EPCOR Water bill. In order to continue receiving a sales tax exemption on your water service, you will need to provide to EPCOR the State of New Mexico Non-Taxable Transaction Certificate (NTTC). Your account will not maintain its exempt status without an approved certificate on file with EPCOR Water.

The State of New Mexico issues the Non-Taxable Transaction Certificate (NTTC). An application from the state can be found at <http://www.tax.newmexico.gov/SiteCollectionDocuments/acd-31050-fr.pdf>. The NTTC must be specific to EPCOR with EPCOR's name and Combined Reporting System (CRS) ID number:

- EPCOR WATER NEW MEXICO INC.
- CRS# 02-046527-00-0

Once we receive the New Mexico Non-Taxable Transaction Certificate, your account will retain the tax exempt status.

This will be the only notification you will receive to update your tax exemption status. We must receive the approved certificate by December 31, 2014.

Please mail or fax your certificate to:

EPCOR Water
c/o Vertex Business Services
PO Box 1696
Scottsbluff, NE 69361

Fax: 1-308-630-9767

If you have questions about this request, please call us. We are available 24 hours a day, seven days a week at 1-800-383-0834.

Sincerely,

EPCOR Water Customer Care
